

flash-cards

usb-sticks, looking like a credit card
flash-cards: with large advertising area
exclusive advertising gifts.

flat usb-sticks in credit card-format

whether they are printed in four colours or manufactured in your company's special colours - the flash-cards are perfect for trade fairs, meetings or trainings. they are so flat, that they fit in almost any wallet or shirt pocket, like any credit card.

on the flat usb-business cards, your customer can find the important communication data and due to the memory, you can present your company with a small advertising film or per pdf, respectively powerpoint.
